Good afternoon,

Thank you for your response.

The address is 604 Westwood Drive, San Antonio, Texas, 78212.

Kindly find the attached record that contains the mischaracterized facts and statements.

I am seeking to file an official complaint against Officer Hernandez for failing to accurately record facts in (lying within) an official government report.

These actions are egregious, offensive, and are part of an ongoing campaign of harassment against me for my political activities in the State of Texas. I have already moved to Spain and sought political asylum from this ongoing harassment and have had to return to legally comply with the laws of Spain and America. I have also attempted on no less than 5 occasions to report criminal activity being conducted against my home to the SAPD and I am not reasonably able to complete this seemingly simple task to defend my home from this ongoing government-sponsored harassment.

Please advise on the next steps in this matter.

Kindest regards,

Chris Noel Carlin

Thank you for contacting the City of San Antonio 311,

Do you have an address or case number we can use to reference while placing a formal complaint to Animal Care services.

Best regards,

Please describe in detail	Good afternoon, I am writing to begin an official complaint against City of San Antonio Animal Care Services Officer Hernandez 338 for falsely misrepresenting facts in an official report and mischaracterizing the interactions that we had in person yesterday when she approached my home to investigate an anonymous report of animal neglect. To be clear, this is part of an ongoing retaliation against me as a local political activist and attorney. Please provide clear instructions for filing this complaint.
